## **Vision and Mission**

**Describe the institution's vision for its future - the institution's expectations for its future self, embodying where the institution wants to be.**

### **VISION**

The Ballubhai Krishnlal Majmudar Science College in Valsad was founded in 1957 with the intention of advancing high standards of education in the neighborhood. The College wants to provide students with the best and most rewarding learning environment possible so they can achieve their academic and athletic goals. The College places a high priority on encouraging students' professional and personal growth in order for them to efficiently meet social requirements and forge themes as a part of society.

Students who receive a high-quality education here will be able to succeed not just in their personal lives but also as responsible and deserving citizens of their nation. When doing this, attention is placed on the students' moral and spiritual development as well as gender justice with the goal of fostering a positive social atmosphere. In addition to these benefits, the institution can foster harmony and cooperation among local residents of all castes, communities, and religions.

Vision of the college is to:

- To be a centre of academic excellence for the pursuit of science education
- Foster personal and professional growth for all students through science
- To nurture, inspire and mould youth.
- To inculcate facilities in the area research and development.

**Describe the overall mission and purpose of the institution.**

### **MISSION**

The primary goal is to give students access to high-quality higher education. In addition to classroom contact, frequent seminars, group discussions, and other extracurricular events are organized to achieve this.

Young minds are being worked on to foster a scientific temperament and instill humanitarian principles. With various skill development programmes, emphasis is placed on the holistic development of the students as well as on raising their knowledge of social issues.

Mission of the college is to:

- To impart quality science education for all dimensional growth
- To equip students with knowledge and skill.
- To excel in all area of teaching and learning.
- To develop leaders in the field of science and technology
